

# GRAB AND GO PACKET DIRECTIONS

## Instructions for First Page

- Fill out one form for each client
- Do not use full sentences
- Keep the information to one page
- Remember: The person reading this information does not know the client
- Update this page any time there is a change

## Instructions for Contact Page

- First contact should be the first person to call if there are any issues
- Update contact page any time there is a change

## Instructions for MAR

- Keep MAR up to date by reviewing it during each clinic visit
- Ask Primary Care Provider about duplicate medications
- Make sure the client has a reason to take every medication
